The impact of inspection
on public opinion

Dear SICI members and colleagues,

You always wanted to walk in the footsteps of medieval emperors, Goethe, Victor Hugo or smell the European air like Robert Schuman and talk about impact of inspection? So welcome to Luxembourg.

On behalf of the Standing International Conference of Inspectorates, the Luxembourgish Ministry of Education, Childhood and Youth and the Collège des Directeurs de l'Enseignement fondamental, we are happy to invite you to attend the workshop organized in Luxembourg on March 22 -23, 2018.

The topic of the workshop, proposed as part of a series focused on impact of inspection, will be the impact of inspection on public opinion. The workshop will be focusing on the type of information made accessible to the public, how is it perceived by the public and what is the public's scope.

Speakers, researchers and stakeholders from Luxembourg and other countries will present how public opinion take inspection into account. Participants will have the opportunity to discuss the impact of inspection with public actors, researchers and stakeholders.

School inspectors, SICI members and policy makers are kindly invited to participate in this workshop. A gala dinner will be offered by the Ministry of Education, Childhood and Youth to participants on Thursday evening.

Please find the registration form for this International SICI workshop attached to this invitation. We kindly ask you to fill in the registration form and send it to both of the addresses given at the bottom of the form by email. Please note that you have to confirm the registration and the hotel room no later than February 19, 2018.

We are looking forward to welcome you in Luxembourg and exchange experiences and knowledge in order to develop the quality of our inspection systems.

With kind regards,

Georges NEY
